WE ADD PROFITABILITY TO THE MIX

www.concretebiz.com

Proven in the
**Precast, Block
and Ready-Mix**
industries.

**Aggregate
handling**
Individual all in one solutions

The heart of our plants

Well-proven Planetary
Countercurrent Mixers
▶ HPGM 375 – 5250

Robust
Twin Shaft Mixers ▶
DWM 1875 – 6750

Wiggert Control System

Effective integration with
every plant component.
Microsoft Windows-based
point and click plant control.

Motor control
center (MCC)
merges the plant's
hardware.

Concrete transport and distribution systems

Flying bucket systems
tailored to your needs

Robust platform
transport carts

Highly professional machinery equipment and experienced staff guarantee highest quality.

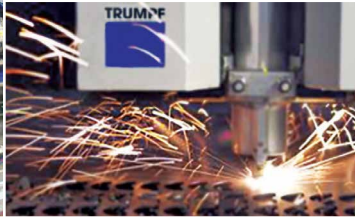

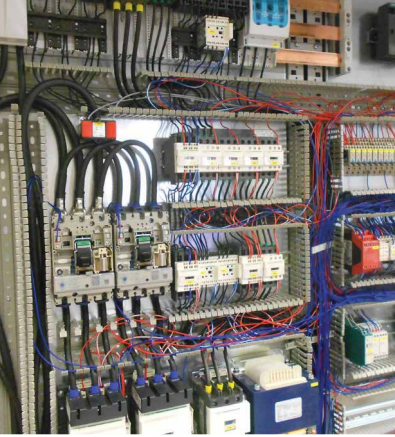

Our machinery and equipment is developed, engineered and designed in-house; test runs are made on final assembly before shipping.

Secure and flexible shipping performed by experienced logistic partners.

Experienced service technicians handle all on-site installations.

Our extensive After Sales Service includes remote online maintenance, operator training, and access to our North American parts department.

Note: as with all of our equipment, some features are optional.

All installations are
Custom-made

Over
50 years of
industry experience
